EXPERIENCE

HyperVerge Academy — Web Developer Trainee

Oct 2025 – Present

- Collaborated on web development projects using HTML, CSS, JavaScript, and Python.
- Solved frontend issues and debugging challenges to improve application performance.
- Strengthened programming skills through hands-on projects and team collaboration.
- Learned modern web development concepts through mentorship and practical implementation.

HVA Hackathon 2026 — Team Member (1st Prize Winner) — Apr 2026

- Developed **KrishiGyaan**, an AI-powered agriculture solution with Weather API integration, multilingual support, and government scheme recommendations.
- Conducted testing and feature validation to deliver a reliable application.
- Secured **1st Prize** among 9 participating teams through teamwork and problem-solving.

Technical Skills

Programming Languages: Python, JavaScript

Web Technologies & Frameworks: HTML5, CSS3, Flask, React.js, Next.js

Database & APIs: MySQL, REST APIs, API Integration

Tools & Platforms: Git, GitHub, Postman, Chrome DevTools

Projects

[Trivia Battle Game](#) | HTML, CSS, JavaScript, REST APIs

- Developed a two-player quiz web application with dynamic question fetching using the Trivia API.
- Implemented score tracking, answer validation, and fixed 15+ gameplay logic bugs.
- Designed a responsive multi-screen interface for gameplay and results.

[Task Management System](#) | Python, Flask, MySQL, REST APIs

- Developed a CRUD-based web application using Python, Flask, and MySQL.
- Built RESTful APIs for task creation, updates, and deletion.
- Used Git for version control and tested REST APIs.

[Tic-Tac-Toe](#) | HTML, CSS, JavaScript

- Developed an interactive Tic-Tac-Toe game using JavaScript DOM manipulation.
- Implemented win/loss detection logic and game state management.
- Added real-time UI updates and responsive user interactions.
- Improved problem-solving and logical thinking through game state management.

Education

Diploma in Computer Science and Engineering
Government Polytechnic, Rampur, Uttar Pradesh

Sept 2023 – Jul 2026

ACHIEVEMENTS

- **1st Prize Winner**, HyperVerge Academy Hackathon 2026 (1st out of 9 teams).
- Solved **250+ Python** and **100+ JavaScript** coding challenges.
